### INCREDIBLE SOLUTION

- ✓✓✓ New Generation
- Consistent Temperature
- Uniform Pressure
- Simple to Use
- Good for All Fabric

Widely used in garment industry where heat and pressure is required, including sewfree fabrication of pockets, patches, labels, zippers, heat transfer, etc.

(Patent Pending)

With over 15 years of experience and know how, H&H is proud to present the latest development in heat press technology - the new CS-026 Pneumatic Flat Press Machine. This machine is widely used in garment industry where heat and pressure is required including sewfree fabrication of pockets, patches, labels, zippers, heat transfer, etc.

This pneumatic operating machine has vertical press action and automatic timing function, when the preset time is reached, the heating plate will automatically rise to ensure the same condition is applied every time. Self-leveling platform ensure uniform pressure on clothes. High plate clearance during standing by provides a wide open view of working area, so loading material is easy. Safety bar design to protect operator from injury. Foot pedal control is used so both hands of operator can be free to handle fabric. With the help of custom made mold, this machine can adapt to different manufacturing requirements, and greatly improve your product quality and production efficiency. So this CS-026 is a general purpose press machine for multi-tasking applications.

Optional top + bottom heat version

Vertical press motion

Self leveling platform

Foot pedal activation

Preset heating time

## CS-026 Specifications

- ~ **Power Supply**  
AC 220V 50/60Hz single phase
- ~ **Power Consumption**  
1300W
- ~ **Compressed Air**  
> 0.4 Mpa
- ~ **Heat Temperature Range**  
Room Temperature - 300°C
- ~ **Press Duration**  
1 - 999 Seconds
- ~ **Heat Press Size**  
12" x 12"
- ~ **Lower Platform Size**  
12" x 12"
- ~ **Overall Dimensions**  
750mm(L) x 400mm(W) x 950mm(H)
- ~ **Overall Weight**  
75kg
- ~ **Options**  
Top + Bottom heat version (please specify CS-026-2)  
Table for CS-026 (please specify TA-26)

Time is important for the garment industry, which wins by efficiency and quality. With this new CS-026 Pneumatic Flat Press Machine, increase in productivity can never been easier. Please contact us or our local agent near you for more information.
